

**Call For Papers**  
**2016 SFS Finance Cavalcade**

Rotman School of Management at the University of Toronto  
Toronto, Ontario, Canada  
May 15-18, 2016  
<http://sfs.org/financecavalcade/>

The 2016 SFS Finance Cavalcade will be held at the Rotman School of Management at the University of Toronto from May 15-18, 2016.

The [SFS Finance Cavalcade](#) is a 2.5-3.0 day conference covering all areas of finance. The format is 55 minutes per paper with six-to-nine parallel sessions. Our goal is to provide a setting that produces the kind of in-depth participation of a smaller conference while accommodating the variety of papers of a larger one.

**HOW TO SUBMIT TO THE CAVALCADE: Submissions will be accepted beginning November 9 and ending December 7, 2015.** The submission fee is \$50. For papers in which ALL co-authors are doctoral students, the submission fee will be waived. Please submit your paper at <http://sfs.org/financecavalcade/2016-sfs-finance-cavalcade/> during the submission period.

The submitted paper must not have been accepted (or conditionally accepted) at a journal nor have been presented (or be scheduled to be presented) at the WFA/AFA.

Please note: Authors of accepted papers must be able to attend their session regardless of which day the session is scheduled. If an author cannot make it to the scheduled time, the conference reserves the right to pull the paper.

**DUAL SUBMISSION:** The Cavalcade features dual submission with [The Review of Asset Pricing Studies](#) and [The Review of Corporate Finance Studies](#).

**REGISTRATION:** Early registration will be \$100 for members and \$140 for nonmembers. Beginning April 1, the registration rate will be \$125 for members and \$165 for nonmembers. The registration fee will be waived for doctoral students.

**CONFERENCE ORGANIZERS:** Chair Hanno Lustig (Stanford University), Vice Chair Heitor Almeida (University of Illinois at Urbana-Champaign), Associate Chair Amir Yaron (University of Pennsylvania), SFS Advisory Chairs Matthew Spiegel (Yale University) and Laura Starks (University of Texas at Austin)
